

Panorama

A Chatbot-Dashboard Hybrid to Facilitate MRO Planning

Too many orders? Conflicting Schedules? Panorama makes MRO management easy.

Even for an industry leader like Collins Aerospace, the Maintenance, Repair and Overhaul (MRO) business is fast-paced and relentless, with a million details to track.

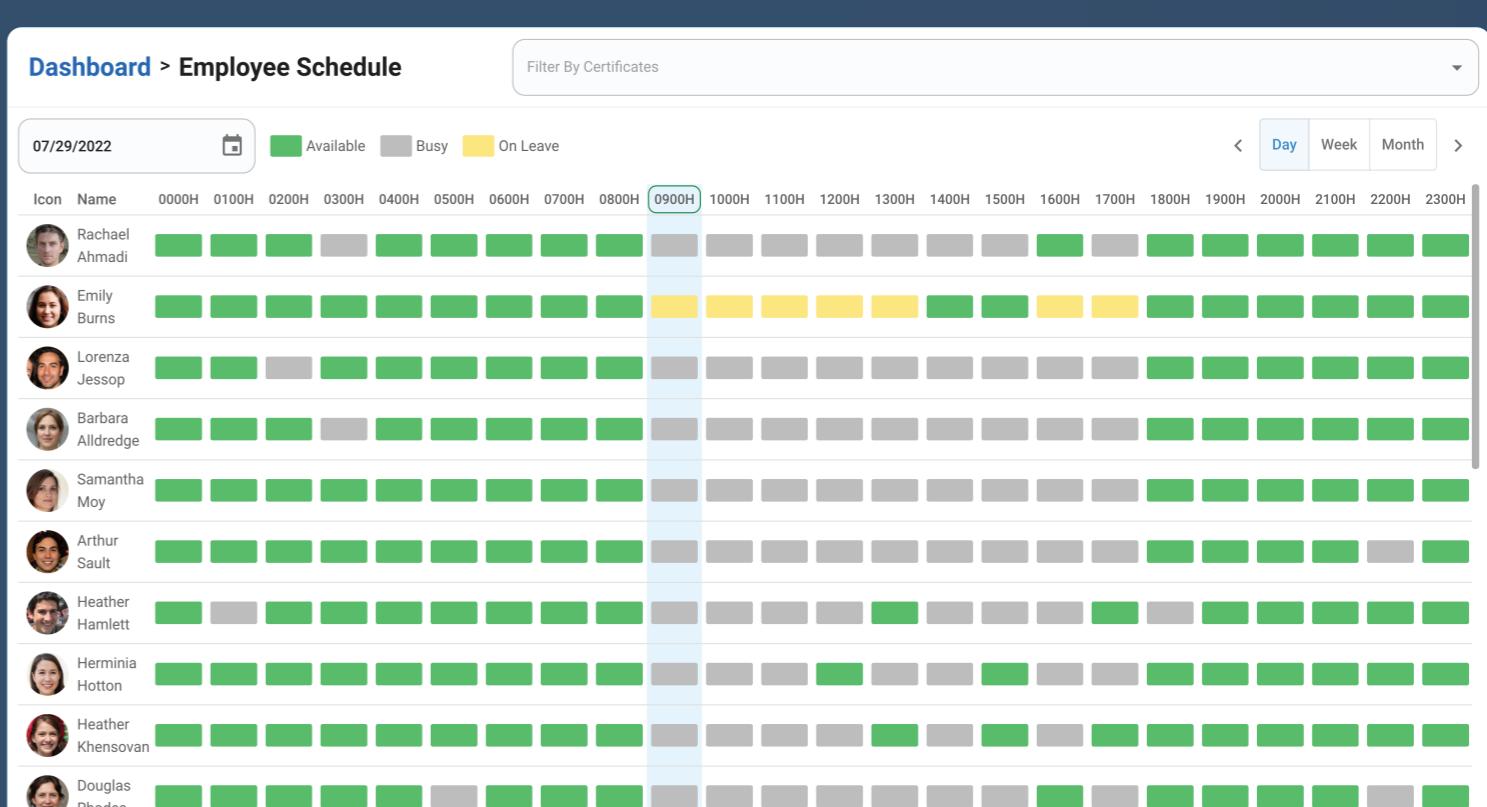

Panorama helps Line Managers effortlessly manage their repair orders and technicians day after day, after day, after day.

Schedules, conveniently color coded

See everything at once. That's Panorama.

Communicate.

Something urgent? Our Chatbot lets Technicians ask their Line Managers for help to keep things on track.

You are about to send a notification. What is the priority of the notification you would like to send? (1 for Very Important, 2 for Important, 3 for Not so Important. X for a standard notification)

Notification Priority noted. What is the title of the notification you would like to send?
